Goalkeeper Coaching

Did you know that the club has now run two specialist goalkeeping course on Friday nights at the school? Its open to all team keepers and has been well attended by all age groups. Thanks to just4keepers coach Andy Stevens, a number of the clubs goal keepers are now approaching games with renewed confidence and skill following the coaching sessions. The club will be looking to re-start sessions in due course so if your son / daughter would like to be included email chairman@brookendcoltsfc.co.uk and you be notified when the course restarts.

Parent profile

The teams would be nowhere without parents. Geoff New has been helping with the girls u13s team week in and week out for the last three years. He picks players up for games and training, helps with sessions and every holiday he fills up the MPV and takes our players to the Arsenal training camps. In his spare time Geoff runs and this year he completed the Great North Run, raising money for bowel cancer. With sponsorship help from the u13s parents he raised over £400. Well done Geoff – and thanks.
